Go Beyond Active Shooter Response Training. While other programs focus solely on active shooter or stop the bleed, AVERT goes beyond by combining both of these important topics in one training program.

When active violence occurs, seconds count, and you can't always wait for EMS to arrive. AVERT enables you and your team to become immediate responders.

What You'll Learn with AVERT

Live scenario exercises and hands-on Practical instills confidence in you team and gives them tools for how to respond.

AVERT shows you what to look for and how to plan:

Warning Signs	Situational Awareness
Defend and Attack	Escape and Evade
Equipping Your Space	Emergency Bleeding Control
